Garbage Pickup Service Declined

Someone from the City will cut water on at this physical address. The timing of when they will be out will depend on the work schedule of the City's Public Works Department but most likely will be within two (2) business days. Should they suspect a leak on the customer side of the meter they will not leave the water on. If a family member or resident is at the service location, that individual will be given the opportunity to determine if it is something that can be corrected immediately. If no one is available or the leak cannot be corrected immediately the water will **NOT** be left on. Your signature below indicated you understand this stipulation.

In addition, your signature below indicates that no adult member of your household currently has any outstanding balance for water, sewer, or garbage service due to the City of Comer and, if it is discovered that such is the case, water, sewer, and garbage pick up service will immediately be discontinued.

In addition, your signature below indicates that you agree to promptly pay all fees for water, sewer, and garbage service as prescribed by the Code of the City of Comer and that failure to remit payments in a timely manner will result in discontinuance of service, additional fees to reestablish service and additional security deposits.

Returned checks will be assessed a fee in the amount of the greater of \$30.00 or 5% of the amount of the check plus any charges assessed against the City of Comer by the bank as a result of the returned check. In the event of a returned check water, sewer, and garbage service will be subject to immediate disconnection or discontinuance.

Applicants must pay a security deposit in the amount of \$150.00 plus an account activation fee in the amount of \$50.00 prior to service activation.
